JANUARY - APRIL HIGHLIGHTS

MARK JOHN

In March, 13-year-old Mark John was surrendered by his mother, who sadly could no longer provide for him. He is now safe at the His Place Children's Home, attending Blessed His Place Academy, and has received much-needed dental care.

**BELLA &
KARYLLE**

Thanks to your support, Bella received immediate anti-rabies treatment after a dog bite, and Karylle received treatment for severe dehydration, gastroenteritis, and respiratory illness in the hospital. Your generosity continues to bring healing and hope to children in crisis.

ROBIN RAFAEL

Once a 3-month-old in need, Robin Rafael has grown up in our care and recently overcame a serious battle with dengue fever. Now healed, he's stepping into his final year of high school with strength and determination.
