

# *Pray* JAMES 5:16 FOR ONE ANOTHER

February 22nd, 2026

## **Marianne Manville-Ailles**

Our dear, Marianne was recently diagnosed with metastatic pancreatic cancer and is now receiving 24-hour care at Debbie Boffey's home. She is undergoing chemotherapy to help manage symptoms, but the diagnosis is a terminal one.

For more than 20 years at His Place, Marianne has been a steady light here at His Place — full of faith, encouragement, and deep love for the Lord.

Please pray for relief from pain and distress, and for deep peace as she walks this path toward her eternal home with Jesus. Pray for her sons, Darcy and Brendan, her siblings who are traveling in to help care for her, and for Debbie as she provides daily support.

There are also financial challenges related to medical care and medications. Above all, we are asking the Lord to surround Marianne and her family with His comfort, strength, and presence.
